

About Mile Square Health Center

- ❖ Mile Square Health Center is a Federally Qualified Health Center (FQHC) that provides primary care and other services to patients in the communities in which they live, regardless of the ability to pay. We are proud to be the community network of UI Health.
- ❖ As an FQHC, Mile Square is governed by a Community Board comprised of community members and patients, in addition to the UI Board of Trustees.

About our Providers

- ❖ Our providers are credentialed and privileged within UI Health and are members of the Departments of Family Medicine, Pediatrics, Obstetrics/Gynecology, Psychiatry, and Ophthalmology.
- ❖ MSHC is one of the clinical locations for the residents of the Department of Family Medicine.
- ❖ A full list of providers is included below.

About our Clinics

- ❖ A full list of our clinics including addresses and phone numbers is included below.
- ❖ All of our sites document through Cerner - all notes are within the MSHC Clinic Notes folder and can be accessed by all.
- ❖ All providers can be communicated with through Cerner - please forward questions and documentation to our inboxes. Mailed hard copies are not necessary.
- ❖ Each clinic has a message pool that can be utilized for general questions and non-urgent issues.
- ❖ The need for referral authorization for specialty visits and/or procedures are very different from plan-to-plan.
 - If additional referrals for visits or procedures are needed, please send a message to our Referrals team by using the "Mile Square Referral" pool.
 - BCBS HMOI, Harmony, CountyCare referrals do NOT require authorization – please contact our Referrals team if you have questions.

Research at MSHC

- ❖ We strive to promote community-based participatory research as a general philosophy.
- ❖ The MSHC Research Council was developed to review and approve any research activities conducted at Mile Square. Once a proposal is reviewed and if approved, it goes to our Community Board of Directors for final approval. The Research Council and Community Board must approve all research done at Mile Square.
- ❖ MSHC utilizes the UIC IRB, but also has additional procedures in place for approval.
- ❖ You can access our approval guidelines as well as the application by going online: http://hospital.uillinois.edu/Patients_and_Visitors/Mile_Square_-_Federally_Qualified_Health_Center/Research_at_MSHC.html
 - Much of the information can be copied and pasted from either your protocol, grant application or IRB application.
- ❖ Projects are considered at our monthly meeting.
